

## PORTFOLIO ACTIVITIES IN THE LAST YEARS

LOCATION	DESCRIPTION	VALUE k€
Asia	Detailed engineering and supply for a processing plants of silica sand for float, ultra clear glass	9.000
Asia	Supply for two processing plants of quartz, dolomite and limestone for flat and container glass	7.500
Asia	Project plant for nepheline magnetic separation and ventilation system	2.000
Asia	Supply for a roll mill RHP46 and spare parts	265
Asia	Detailed engineering for slag treatment plant	250
Asia	Detailed engineering for the construction of a treatment plants for silica sand for float glass	230
Europe	Supply of drying, milling and ventilation plant	3.500
Europe	"Valire" Project for the construction of a melting furnace for the production of glass wool from ash incinerator (European LIFE+)	3.500
Europe	"VA.VE.PLA." Project for the reduction of lead in the glass recycling, for electrostatic separation of residual plastic processing glass and glass separation by color by "laser" technique	3.300
Europe	Processing plant of cullet glass otherwise destined to landfill with recovery of 95%	3.000
Europe	"Meiglass" Project (European Life+) for water treatment, plastic gasification and glass quality improvement	3.000
Europe	"Novedi" Project for foam glass production from commercial glass otherwise destined to landfill (European LIFE + call)	3.000
Europe	Renovation of the underground mine of quartz and its processing plant	3.000
Europe	Final design and construction of a Minerali Industriali plant	2.500
Europe	Implementation and coordination of the research project funded by the Ministry of Industry entitled "Separation of iron ion level of aqueous solutions of strong acids with nanofiltration systems"	1.200
Europe	Supply of a plant of micronized glass used to manufacture foam glass	1.000
Europe	Supply for a production plant of quartz and feldspar <30 microns	1.000
Europe	Supply of pre-milling plant for nepheline	800
Europe	European Project of applied research (MANUNET) for fluid bed magnetic separation of powder	800
Europe	Detailed engineering and supply for a milling and screening plant for tiles grinding	650
Europe	Supply for a production plant of medium lead content glass sand (300 ppm) (TRI-FLO)	600
Europe	Supply for a milling and screening plant for cullet glass	600
Europe	"Valle" mine and environmental restoration "Parco Aurora", Piedmont	500
Europe	Supply for a flotation treatment plant	500
Europe	Fine grinding equipments for glass milling	500
Europe	Supply for an equi-counter current dryer	400
Europe	Supply for a milling and screening plant with roll mill for tiles grinding	400
Europe	Supply for a tubolar wet mill for silica sand	370
Europe	Design and implementation of an electrolysis pilot plant for the recovery of metals ions from the treatment of waste acid solution	300
Europe	Supply for a production plant of super-white quartz grains	300
Europe	Supply for a flotation treatment plant	300
Europe	Supply for a roll mill and spare parts	285
North America	Supply of drying, milling and ventilation plant	5.000
North America	Supply of treatment plant of feldspar	1.000
South America	Construction of two treatment plants for quartz, feldspar, dolomite and limestone for flat glass	6.500
South America	Supply of mining processing plant for the production of fine silica sand for flat glass	4.500
South America	Raw material treatment plant for sanitaryware	2.500
North Africa	<b>Detailed engineering and supply for a processing plants of quartzite for engineered stone production. This plant was built in collaboration with BRETON for the final customer NSPO</b>	<b>28.000</b>
North Africa	Supply of silica sand treatment plant	5.000
North Africa	Project for a treatment plant of quartz, feldspar, dolomite and limestone for the production of mixed minerals for the ceramic industry, glass and fixtures	5.000
North Africa	Executive Project of sands storage (domestock)	1.500
Middle East	Milling and flotation treatment plant of sodium feldspar	2.000
